

REPORT ON CIRCUIT BREAKERS RECRUITMENT DRIVE

“Recruitment Drive for Club New Members”

On

10/08/2018

CMR Technical Campus

The department of Electronics and Communication engineering in collaboration with “**Robotics Club**”-CMRTC conducted **Recruitment Drive for Fresher-Circuit Breakers** in a Unique Way. The rapid development within the field of Embedded Systems Design that has taken place over the last years offers new possibilities for designers of Home Appliances, Industrial monitoring and controlling devices, Medical Instrumentations etc.
