HackForET (Hack For Education Technology)

Gist of the Event:

B.Tech. Students from all years, from all campuses of India, are eligible for participation. Build something powerful for education technology in this 72-hour online hackathon. You need to work on any one of the given problem statements.

13 Apr 22, 12:00 AM IST - 15 Apr 22, 03:00PM IST

Rules:

- Copying projects from other Github profiles are not allowed.
- Everyone in the team should contribute something to the project.
- Paying other developers(out of the team) to work on your project is not allowed.

Eligibility:

- Only B.Tech students are allowed.
- The team should contain 3-5 people.

Process:

- Register for the hackathon.
- You will be added to a WhatsApp group for better communication.
- A member of our team will be available to assist you in that group.
- Start making a wireframe/PPT for your selected statement and submit it on or before the mentioned time.
- Shortlisted students will move to the implementation round.
- After Implementation, you need to show a demo to the jury.
- Based on jury feedback and your code, winners will be announced.

Format:

- First-round is an elimination round based on submitted wireframes/PPT.
- The second round is the Implementation round in which you need to complete your project.

Rewards and Prizes:

- The top 3 winners will get respective rewards in the form of Amazon gift cards, along with an unstop premium subscription.
- Ranks between 5-8 will get DigitalOcean credits: INR 15,000.
- Every participant will get a certificate.
- Discounts on rosenfeld books
- 30 days free access to all the premium courses from interview cake.
