
DEPARTMENT OF CIVIL ENGINEERING

REPORT

As part of the National Education Day, Department of Civil Engineering in association with Institution's Innovation Council (IIC 4.0), CMR Technical Campus organized "Session on Innovation in Construction of Irrigation structures".

1. Objective of the Program

- To impart the contribution of Maulana Abul Kalam Azad, the first education minister of Independent India, towards Indian Education System to the students.
- To build the capacities of the spirit of inquiry, creativity, entrepreneurial and moral leadership among students.
- To understand the application and challenges in the field of construction of Irrigation structures for a better building of nation.
- To establish all sphere development of the students.

2. Benefits /Outcome of the Program

- Participants were able to understand the Azad's contribution in the area of education for women and free & compulsory education for children up to the age of 14 as well as establishment of Educational Institutions like Jamia Millia Islamia, IIT Kharagpur, AICTE, UGC etc.
- Participants were familiarized with present challenges in construction of irrigation structures, the importance of building innovating capabilities and critical thinking.
- Participants were aware of significance of education to achieve prosperity of the nation.
