GS MUN '23

-Angelina, Leo, Mahitha, Vaishnavi.

The GS MUN, held from March 16th to March 18th, 2023, was organized by Geetanjali College of Engineering and Technology (GCET).

Model UN, also called MUN, is an educational exercise that imitates the procedures of the United Nations. Students who engage in MUN act as delegates from different nations and participate in discussions, negotiations, and debates on worldwide issues. This simulation provides participants with knowledge on international relations and diplomacy and teaches them to collaborate effectively to produce solutions and draft resolutions.

COMMITTEES

AGENDA

Each committee discussed the following agendas, and by Day 3, they had reached a consensus on solutions to their respective issues.

- **UNGA-DISEC**

Disarmament and International Security Committee

Agenda: Strengthening Regional and International Efforts to Protect Civilians and Vulnerable Groups in Armed Conflicts

The UN General Assembly (UNGA) is the main policy-making organ of the Organization. Comprising all Member States, it provides a unique forum for multilateral discussion of the full spectrum of international issues covered by the Charter of the United Nations.

- **UNHRC**

United Nations Human Rights Council

Agenda: Protecting the Rights of Indigenous People with Special Emphasis on Land Rights and Cultural Preservation.

The Human Rights Council (HRC) is an inter-governmental body within the United Nations system responsible for strengthening the promotion and protection of human rights around the globe and for addressing situations of human rights violations and making recommendations on them.

- **ECOSOC**

United Nations Economic and Social Council

Agenda: Restoring Economic and Social Stability to Conflict-Affected Regions

The Economic and Social Council (ECOSOC) coordinates the economic and social work of the United Nations and the UN family of organizations. It serves as the central forum for formulating policy recommendations related to economic and social issues addressed to Member States and the United Nations System.

DAY - I

The day started with all of us gathering at the entrance of the college where we grouped and, then we went into the GCET campus to get our Registrations done. Upon doing our registrations, we got our delegate kits. After that, there was an Opening Ceremony in the main seminar hall where they explained to us the process of things and the flow of events. Then we proceeded to our respective committees.

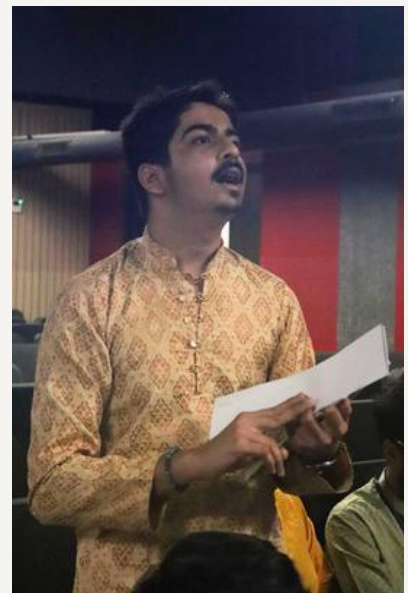

DAY - I

DAY - II

On day two, all the committees started discussing and debating their respective agendas which eventually picked up momentum. We had Mods being discussed by delegates which was the Center of the whole MUN. Then we proceeded to our respective committees.

DAY - II

DAY - III

On the final day i.e. Day III, all committee members were required to draft a resolution for the issue discussed thus far. Seeing the committee wise, we had three drafts passed in ECOSOC, one in UNGA DISEC, and one in UNHRC. Following the completion of all proceedings, the closing ceremony took place, during which the winners were announced, and we were awarded three prizes.

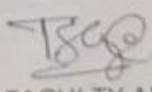

- Diwakar (IIInd year CSG) - Best Delegate
- Sachit (IIInd year AIML) - High Commendation
- Navaneeth (IIIrd year CSM) - Special Mention

FEEDBACK

I've represented the United States of America in DISEC. Though I had well-versed knowledge about the country's stance, policies and position in armed conflicts, it was a pretty tough job to defend a country which is the leading producer and supplier of arms. But yeah, I even had fun while defending the nation though it has taken several daring but offensive actions. For me MUN is a political problem solving game that enables a delegate to practice diplomacy. The committee was a success which came up with 3 Draft Resolutions out of which one passed just due to the majority but not based on the integrity of the resolution. The other two resolutions were pretty much effective but weren't passed due to the inefficiency of the committee. I've been a sponsor in a DR which didn't pass just because of an offensive solution but still I've learnt more about effects of armed conflicts and actions taken to protect the civilians in different nations during my research.

- Navaneeth (IIIrd year CSM)

In the end, the experience was truly remarkable, something that I will cherish forever. The organization of the event was executed splendidly, making it even more memorable.

FEEDBACK

The Model United Nations (MUN) held by Geethanjali college of engineering and technology (GCET) was an amazing experience considering the fact that there were more than 32 colleges that took part including the CMR technical campus which marked its name in it too by winning the best delegate in the UNHRC council along with a high commendation in ECOSOC along with a verbal mention for the DISEC community. The exceptional debating skills of the delegates from The CMR technical campus has surely captured the attention of a lot of delegates and representatives from various institutions. Overall, the MUN has proved to be a very valuable experience for the students as they made a lot of connections with various other delegates for future benefits and also the sessions proved to be educational for them as well as it helped them improve their orating, debating and interacting skills which is very useful for the personality development!

- Diwakar Sastry (IInd year CSG)

Starting off ,let me begin on a splendid note of how informative and epic this GSMUN experience was! I was representing GERMANY in the DISEC community. It was really fast paced and we had to be well aware of each and every-point being thrown, although we did good, all in all it was an amazing learning experience for me being a second MUN, this time it sure got me astound with a lot of insights. This definitely was a much needed experience and it makes me optimistic that we'll do well in the near future and gives me immense pleasure to make new connections and get to know people around and their ideas which in-fact changes the perspective on various things which makes for a great impact.
