

EVENT REPORT ON PROJECT EXPO

Date of the event Held: 22-06-2024

Organizer: Department of ECE in association with ISTE and Robotic Club

Venue/Place: Project lab, ECE Department

Number of students Participants (students and Staff): 142

Description about the Event: The Project Expo was held on 22nd June 2024 at the Department of ECE, organized by the ISTE Chapter in association with the Robotic Club of CMRTC. The event showcased 34 project modules on emerging areas of technology, displayed by students and staff. Distinguished guests included Dr. A. Raji Reddy, Director of CMRTC, along with the Deans and Heads of the department. The expo served as an excellent platform for students to demonstrate their innovative projects, fostering creativity and technical skills. The event concluded with the best project being awarded a certificate and a special award, recognizing exceptional talent and encouraging further advancements in technology and engineering.

Outcome of the event: The event successfully encouraged further advancements in technology and engineering among participants.
